SUMMARY

I am a passionate **Software Developer and Tester** focused on solving problems and delivering impactful results. I specialize in **developing** and **testing web and app development**. My adaptability allows me to quickly learn new **technologies** and **testing methodologies**. I thrive in **collaborative environments**, contributing to both **development** and **quality assurance processes**. Skilled in **bug tracking, test case design**, and **debugging**, I help enhance software reliability. In my free time, I write articles to share my **tech learnings and insights** with the community.

PORTFOLIO

PROFESSIONAL EXPERIENCE

Associate Software Engineer - Native Brains

Feb2024 - June 2024

- Translated wireframes into functional and responsive front-end code, contributing to a seamless user experience and efficient project development.
- Collaborated closely with backend developers and designers, ensuring smooth integration of design elements and APIs to meet project requirements and deadlines.
- Followed best coding practices, including clean and maintainable code, and integrated RESTful APIs and services, which enhanced the overall project performance and scalability.

PROJECTS

ResuMaker

Project Documentation

- Developed a dynamic resume-building platform using Next.js, Clerk for authentication, Firebase for data storage, and Tailwind CSS for a modern UI, ensuring a seamless user experience.
- Integrated APIs for data handling, optimizing authentication, resume generation, and customization, while ensuring smooth application performance.
- Designed and executed comprehensive test cases, documented detailed reports, and tracked defects to enhance software reliability, ensuring a flawless UX through testing.

SKILLS

- Frontend Technologies:** Next.js, React.js, React Native, Ant design, TypeScript, JavaScript, Redux, Context API, Tailwind CSS, HTML5, CSS3
- Database :** SQL, MongoDB.
- Authentication :** Clerk, Firebase, Next Auth.
- API Integration & API Testing :** RESTful APIs, Axios, Fetch API, Postman.
- Testing :** Testing Methodologies, Agile Methodologies, Software Testing, Bug Reporting, Bug Tracking.
- Other:** Version Control (Git), GitHub, JIRA, Software development life cycle (SDLC), Software Testing Life Cycle (STLC).

EDUCATION

Bachelor of Science in Software Engineering

Department of Computer Science (UBIT)
